

NATURAL SCIENCE MUSEUM: DODO DISPLAY

Address: Natural Science Museum, City Hall Culture Block, Anton Lembede St
Ward: 26
Client: NSM
Contract Period: Oct 2015 - Present
Contract Value: R4.9 million

In 2015 that Natural Science Museum requested the assistance of the Architecture Department to develop and implement an exhibition upgrade for the Museum at City Hall. The scope of work was originally limited to the Dodo exhibition but quickly was expanded to include the Boma area and 3 bat displays. Together, the 5 exhibitions will update and advance the educational mandate of the museum. The scope of work contained within this contract comprises:

- Demolition of old displays
- New dry walling partitions
- Glazed shopfronts and taxidermied specimens
- Specialist case for dodo skeleton
- Cabinetry for AV system
- New exhibits
- New graphic information panels
- New lighting installation for displays
