

EXPRESSION OF INTEREST HR1/2008

TEMPORARY EMPLOYMENT SERVICES

The Municipality is calling for Expressions of Interest in the provision of temporary staff on an 'as and when' required basis to the eThekweni Municipality by

Temporary Employment Services (TES) Companies who, preferably have BEE or PBE status and who preferably operate within the Municipal area under the local government jurisdiction of the eThekweni Municipality. The Contract will be awarded

to one or more TES providers for a three-year (36 month) period, with anticipated commencement date of 1 January 2009. (R100.00 non-refundable charge per Expression of Interest document – cash or bank guaranteed cheques only). Expression of

Interest documents (available in English) may be obtained from eThekweni Municipality, Human Resources, 14th floor, Office number 26, 221 Smith Street (corner of Smith and Aliwal Streets), Durban from 18 August 2008 to 19 September 2008, 08h30 to

16h00 (Monday to Friday), after which no further copies will be handed out. A compulsory briefing session will be held on Monday, 22 September 2008 at 10h00 to 12h00 at Shell House, 14th Floor Executive Boardroom. A record of attendance will be taken

at this briefing meeting. Enquiries: JW Beugger on tel: 031 311 3143. Closing Date for Submission of Applications: Friday, 31 October 2008.

INVITATION TO QUOTE: SW2008/012**DOMESTIC WASTE COLLECTION & REMOVAL, CLEAN-UP CAMPAIGNS AND REMOVAL OF ILLEGAL DUMPING IN THE NEW AREAS**

DSW – Cleansing and Solid Waste Unit is calling for 'Invitations to Quote' for waste management services in the new areas. A list of areas where these services are required is available on collection of the quotation document. Companies from the various communities interested in undertaking these services in their respective areas can collect a quotation document from the Receptionist, DSW -

Cleansing and Solid Waste Unit Headquarters situated at 17 Electron Road, Springfield. NB: The quotation documents will be issued on a 'first come basis'. Only a limited number of copies of the quotation document will be available. Please note that as this is a developmental project, preference will be given to emerging companies that meet the relevant criteria as stipulated in the quotation document. The closing date for the submission of quotations is 27 August 2008, no later than 11:00. Enquiries: Vaneshree Munsami or Shreena Raganandan on tel: 031-311 8965 and 031-311 8829.

PROPOSAL NO 3670**MANAGEMENT OF THE RECEPTION CENTRE (SAKHISIZWE) FOR STREET CHILDREN**

The Municipality requires the services of a service provider or consortium of service providers to manage the Reception Centre (Sakhisizwe) for Street Children. The current pilot has highlighted the need for a well-managed and accessible reception centre. Detailed briefing documents are obtainable from the Health Unit's offices on the 1st floor, 9 Old Fort Place, Durban, or contact Dr Mdluli by e-mail at mdlulit@durban.gov.za or by telephone on 031 311 3503. A non-refundable fee of R250.00 per document will be applica-

ble (cash or bank-guaranteed cheques only). Proposals in sealed envelopes clearly marked "Call for Proposals No. S.3670: Management of the Reception Centre (Sakhisizwe) for Street Children" must be hand delivered or sent by Courier Services to Rennie House, 41 Margaret Mncadi Avenue (formerly Victoria Embankment), Durban, and placed in the Tender Box located on the Ground floor foyer by no later than 12:00 on Friday, 2008-08-22.

*Dr. M.O. Sutcliffe
Municipal Manager*

PUBLIC NOTICE**IMPLEMENTATION OF PRESSURE MANAGEMENT IN THE DURBAN CBD**

Notice is hereby given that the eThekweni Municipality's Non-Revenue Water Branch is introducing an Advanced Pressure Management in the Durban CBD.

eThekweni Water and Sanitation (EWS) has embarked on an aggressive programme to reduce the unacceptably high levels of water losses in the city. On average, the CBD area loses approximately 10 million litres/day through leaks, illegal connections

and other losses. This amounts to roughly R10 million/year in lost revenue. The Durban CBD currently has an average supply pressure of 60 metres which is a standard of service well in excess of recommended supply pressures. This has a direct impact on the high levels of leakage currently experienced in the CBD. There will be immediate savings if the pressure is lowered for all or for part of the day. EWS commissioned an investigation into the possible benefits of pressure control, which was followed by more detailed investigations (including fire

demand test scenarios, field tests and site visits to 185 buildings with 10 or more stories) and the scheme has been accepted for implementation. In summary, the implementation of advanced pressure management will take place as follows:

Phase 1: The construction of a Pressure Reducing Valve (PRV) Station to control the CBD pressures and commissioning of the PRV station without any form of pressure control
Phase 2: Reduction of off-peak pressures by 10m
Phase 3: Reduction of off-peak pressures by 20m

Phase 4: Reduction of off-peak pressures by 25m
Phase 5: Reduction of peak pressures by 10m and off-peak pressures by 25m. The number and location of potentially affected consumers has already been determined for each of the above steps. Those consumers who reside in buildings higher than 10 stories will need to ensure their booster pump and roof-top storage systems are in working order in compliance with the prevailing Bylaws. Each affected consumer will receive written advance notice of the exact dates and time of implementation of the supply

change, and given sufficient time to ensure they will not be affected by these changes. The implementation of each of the phases will take place over an extended time period, with the reaction of the system and impact on consumers being carefully monitored and evaluated before proceeding onto the next phase. The proposed activity will result in low significance impacts during the construction phase. The operational phase impacts are long term and will result in a significant reduction in leakage, without tangibly affecting the service supply currently

enjoyed by CBD consumers as long as the plumbing in the building is functioning properly and in compliance with the Bylaws. Any person or organisation wishing to register an interest or raise an issue with respect to this notice may do so within 14 days of publication of this notice by contacting the engineer Nischal Nundlall at eThekweni Water and Sanitation (tel) 031 311 8645 (fax) 031 311 8649 or (email) nischanu@dmws.durban.gov.za.
