REQUEST FOR PROPOSALS

DESIGN OF BUSINESS MANAGEMENT AND ENTREPRENEURSHIP PROGRAMME
 Brief Background
 The KwaZulu Natal Fashion Council (KZNFC) was formed in October 2009 as a Section 21 Not For Profit Company, to specifically support the fashion and design sector, and contribute to enabling its sustainability within the clothing and textile sector in KwaZulu-Natal. It exists to serve the fashion and design sector in line with global, national and local economic priorities, and seeks to provide a developmental platform for the fashion and design sector.
Request for Professional Services:
 The KZNFC provides an important platform for structured, formal and experiential

learning and networking opportunities for young, emerging and established designers that are committed to continuously advancing their creative and entrepreneurial competencies. The KZNFC seeks service providers in the field of business education and mentorship to design a comprehensive Business Management and Entrepreneurship Programme (BMEP) for the fashion and design sector. It is envisaged that the BMEP will be an accredited learning and development programme that will enable young, emerging and established designers to acquire relevant and necessary business information, knowledge and skills to ensure sustainability of the economic contributions of this important sector within KwaZulu-Natal. Comprehensive proposals are

required for the design of the BMEP, with a clear articulation of learning methodology, time frames, and budget, together with a full company profile, demonstrated experience relevant to the assignment, a recent learning materials curriculum development sample and submission of 3 contactable professional references relevant to the assignment. It is envisaged that the assignment will be concluded by January 2011. Please send full proposal and supporting documentation no later than 27 October 2010. No late applications will be entertained. Please see www.kznfc.co.za for more background information on the KZNFC. The KZNFC reserves the right not to appoint a service provider.
